

4th Interdisciplinary Wound Healing School – Southampton UK 10th & 11th December 2009

Course Director: Dr Raj Mani

Location:South Academic Block Southampton General Hospital

Meeting theme: Infection, Ischemia and Oedema – what and how we manage?
Research and Innovation in Wound Healing and Tissue Repair

Thursday 10th December 2009

0900 Welcome

0900-0920: Oedema – what do you need to know to manage it?	Raj Mani
0930-0950: Measuring to manage burns	Sarah Pape
1000-1020: Safe water for treating burns	Rudi Deleus
1020-1030: Discussion	Stephen Baxter
1030-1100: Coffee	
1100-1300: Workshops on Bandaging (Lynn Taylor and Frances Spratt) Skin Assessment (Marco Romanelli) Vascular and microvascular assessments (Carol Collins, Geoff Roberts and Geraldine Clough) Foot assessment (Debra O'Brian)	
1300-1400: Lunch	
1400-1430: Biofilms and Wound Management	Val Jones
1440-1455: Black heels – the evidence for changes in management?	Stephen Baxter
1455-1505: Case Report	Lynn Taylor
1505-1515: Discussion	Adriana Basarab
1515-1545: Tea	
1545-1600: Debridement	Marco Romanelli
1610-1625: Debridement – the evidence for change	Georgina Gethin
1625-1640: The promise of new devices in wound healing the role of pressure	Luc Teot
1640-1700: Discussion	Rudi Deleus
1700-1720: Process in Research and Innovation in the Modern NHS	Adrian Hunnisett
1720: Discussion: Nuances in R&D in wound healing and tissue repair	Adriana Basarab & Raj Mani

Close

Friday 11th December

0830-0900: Chronic Non-communicable disease: the development perspective	Mark Hanson
0910-0930: Intervention(Stenting) therapy improves vascular function in DFD	David Thompson
0940-1000: Vascular surgery for preventing amputation	Cliff Shearman
1010-1040: Coffee	
1040-1105: Surgical Management of diabetic foot infections	Javier Aragon Sanchez
1115-1135: Discussion	Mike Edmonds
1145-1210: Modelling in wound healing	Helen Byrne
1220-1320: Lunch	
1320-1345: Morphology and biological applications of colloidal nanoparticles	Antonios Kanaras
1355-1455: Workshops on Bandaging Skin Assessment Vascular and microvascular assessments	
1500-1525 Discussion on practical techniques	Javier Aragon Sanchez
15.25 Discussion: Why is success in translational research so elusive?	Raj Mani
16.00 Close	

CPD awards expected as in previous years
